Node.js | MySQL/Postgres | Javascript | JSON | API | JQuery | MongoDB | React | CSS/SASS | HTML | FTP | PHP | Angular | Version Control/Git | MVC | Bootstrap | OOP | Ember.js | Heroku | Materialize | Command Line

PROJECTS

Safely: A website that uses geolocation or zip code that determines if they are safe based on a crime data API.
Deployed site: https://soc33.github.io/Safely/ | GitHub Repo: https://github.com/soc33/Safely
Furiends: Social media website designed for pets that allows the user to upload and comment on pictures.
Deployed site: https://agile-gorge-44903.herokuapp.com/ | GitHub Repo: https://github.com/gutierrez88/Furiends
Web-Scrape: Webpage that scrapes articles using cheerio and saves favorites/comments in a database.
Deployed site: https://infinite-bastion-71270.herokuapp.com/ | GitHub Repo:
https://github.cpm/DoleTM/Web-Scrape

EXPERIENCE

AdventHealth, Orlando, FL — *Inventory Control PAR Tech* | Jan 2019 - Present
- ❏ Responsible for configuring and maintaining the physical hardware in 200+ automated supply rooms across 8 hospitals in the Orlando area.
- ❏ Analyze trends through client side programs to correct issues by using my database knowledge to prevent problems from occurring in real time.
- ❏ Implemented a Kanban board to visualize and maintain the flow of overall project completion and daily activities.
- ❏ Provide technical training to the support staff that utilizes the automated hardware daily.

Injector Support & Service, Winter Garden, FL — *Shipping Manager* | Feb 2017 - Dec 2018
- ❏ Organized a new 10,000 sqft. warehouse facility, containing 3000+ parts and equipment that maximized efficiency for all departments.
- ❏ Recognized by CEO for compiling 8 years of scattered data into one streamlined log within a month.
- ❏ Created a comprehensive procedure handbook that establishes guidelines, sets the daily goals and sustains my organizational knowledge.
- ❏ Improved the return rate of core exchanges by 50% within a year by keeping a good relationship with customers through email and phone calls.

Victory Tailgate, Orlando, FL — *Production Control Supervisor* | Oct 2014 - Jan 2017
- ❏ Supervised a dynamic team of 8 employees in the production control department where I instilled my team with essential time and priority management skills.
- ❏ Recognized by manager for constantly displaying strong team building, decision making and people management skills.
- ❏ Developed new systems to optimize production flow and inventory management.

Lockheed Martin, Ocala, FL — *Electronic Associate* | Aug 2013 - Oct 2014
- ❏ Created new tools to aid the soldering and cable & harness processes used to piece together the 10 various subassemblies on the program.
- ❏ Became responsible for all rework (6 to 8 units a week) by being able to swiftly complete while maintaining quality and not disrupting my daily goals.
- ❏ Recognized by manager and program engineers for taking the initiative and having a drive for continual learning.
